### **14<sup>th</sup> Annual Scott & White Health Plan Hot Summer Sounds Concert Series Continues with a Great July Line-Up**

(Temple) – On Friday, July 6, The Temple Parks and Leisure Services Department will continue the 14<sup>th</sup> season of the Scott & White Health Plan Hot Summer Sounds summer concert series with the July concert line-up.

“The June concerts were very popular and we have four more great bands in July,” said Temple Parks and Leisure Services Director Ken Cicora. “It really is a wonderful free community event, it is no surprise that many families have made it a tradition to come out to Miller Park every Friday for the summer concert series.”

Around 600 people attend the concerts with larger crowds at the more popular shows. The concerts are held every Friday night through July 27, from 7:30 - 9:30 p.m. in Miller Park (1919 North 1<sup>st</sup> Street).

“It is great to see everyone gathered at the shows singing, laughing, and dancing,” said Recreation Coordinator, Belinda Garcia. “It is events like the Scott & White Health Plan Hot Summer Sounds that bring neighbors together and help create the great sense of community that is Temple.”

“We are extremely grateful to the Scott & White Health Plan for their sponsorship of the event. They are incredibly supportive of this event,” said Cicora. “Without their commitment and leadership, we would not be able to offer Hot Summer Sounds for the community.”

July’s bands include a variety of music styles for everyone’s enjoyment.

July 6	Mike and the Moonpies.....Country
July 13	Grupo Zistema.....Tejano
July 20	Neil Sharp and the Phazes.....R&B
July 27	Detroit Steele.....80’s

“We encourage everyone to bring the family out to Miller Park on Friday nights to enjoy a variety of music. Bring your lawn chairs, blankets, and snacks and we will provide the fun,” said Garcia.
